Professional Goal

Front-end Developer

Professional Profile

I have over 5 years of experience in Software Development with a focus on Front-End Development. I have experience with React.js, HTML, CSS, JavaScript, TypeScript, Vue.js, Microfrontends, Design Systems, and end-to-end testing with Cypress for front-end. I have worked with companies ranging from retail to a multinational B2B sector company. Therefore, I am capable of building interfaces with API consumption, solving complex problems, reviewing code, making technical decisions, and proposing improvements.
